

New Brunswick Association of Fire Prevention Officers  
Association des agents de prévention des incendies du Nouveau-Brunswick

**THE PUB-ED VIRTUAL EDITION WEBINAR**  
**November 18, 2020 at 7 pm**

The New Brunswick Association of Fire Prevention Officers and the NFPA invite you to participate in another webinar Wednesday, November 18, at 7 p.m.

Join NFPA pub-ed rep Laura King for this webinar, from the comfort of your home!

**The Pub-ed Shed - Virtual Edition**

While the delivery of fire-safety education has changed in 2020, NFPA and its partners have worked to create new resources, new information, and new materials to ensure fire departments have the tools to do their jobs. NFPA's Laura King highlights emerging technology that bolsters the first line of defence, introduces initiatives that help fire prevention officers and fire- and life-safety educators mold their messages, and guides participants through updates to NFPA's programs and platforms.

**At this time we are unable to provide this webinar in French due to an English only instructor. There is no cost for this webinar.**

**Please register via Carol Gilmore at [cgilmore1394@gmail.com](mailto:cgilmore1394@gmail.com). A Zoom link will be sent to all participants a few days before the webinar.**

Sincerely,

NBAFPO Secretary/Treasurer

## Laura King

NFPA public-education representative Laura King works with fire departments to help them develop public education programs based on identified risks and target audiences. Laura was editor of *Fire Fighting in Canada* and *Canadian Firefighter* magazines for 10 years before moving to NFPA in September 2017. Laura is a transplanted Cape Bretoner and is desperately missing travel to eastern Canada
